"**DRONES-EXPO**" **Soaring into the Future!** — is an exhibition and conference dedicated to the latest innovations and trends in the world of drones, inviting manufacturers, developers, investors, and all those interested in drones to participate.

We, the exhibition company Fortuna-expo, proudly announce the upcoming international **DRONES-EXPO**, planned in Munich. In anticipation of this significant event, we are conducting a preliminary collection of information among potential participants from the industry's leading players to consider your wishes and preferences.

**Our goal** is to create a maximally productive and innovative platform for demonstrating achievements, exchanging experiences, and developing business contacts.

In this regard, we invite you to fill out a preliminary application for participation. This will not only express your interest but also help us better understand your needs and expectations from participating in the exhibition.

Please fill out the preliminary application for participation (this application does not carry any obligations between the two parties)
